# THE 1962 DRAPERIAN

DRAPER HIGH SCHOOL
Schenectady, New York

E.J.L.

# FOREWORD

We, the Class of 1962, have tried to create in this, our Draperian, a lasting memory of four years at Draper High School.

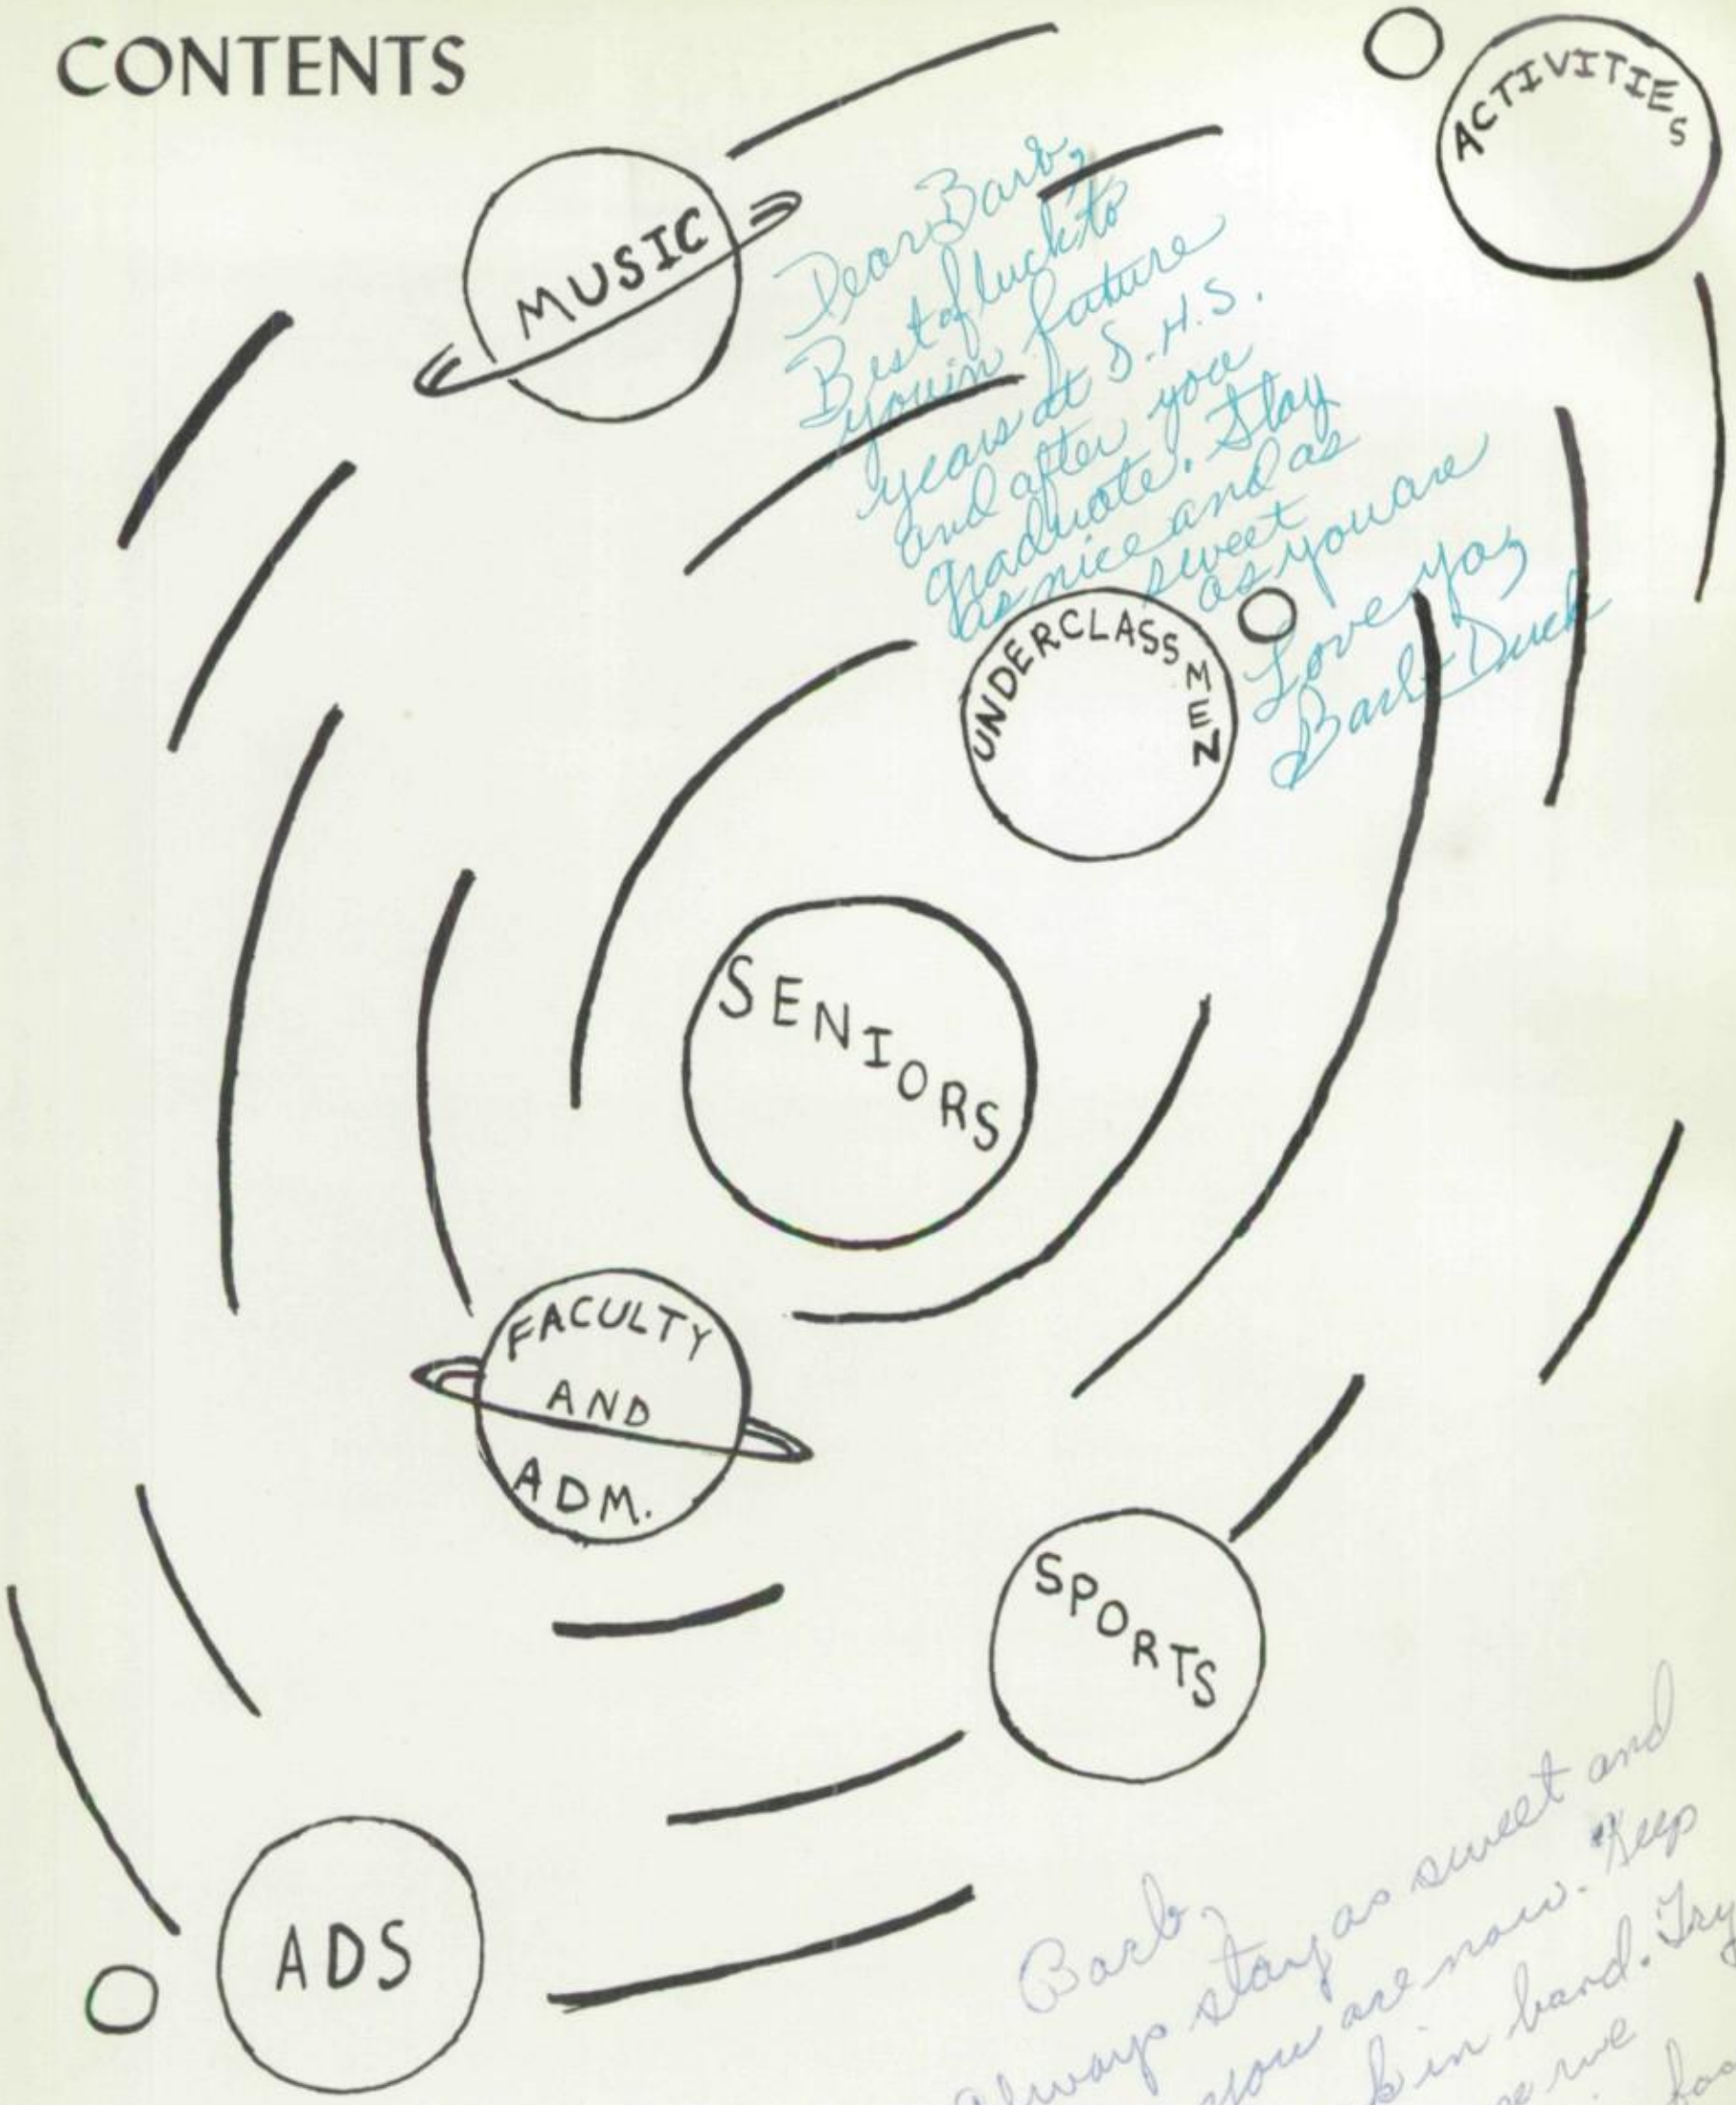
We entered Draper at a time when the world was recovering from the devastation of a great war. After a short lapse of time, our country was again involved in a war of conflicting ideologies.

We were too young to realize the effects these two wars would have upon our lives. During our years at Draper we have been taught the causes and results of past wars in the hope that we can prevent a repetition of history's darkest hours.

Our country is presently involved in a cold war, a war of propaganda and tension. We read and hear about new crises almost daily. During this cold war we have entered a new era, the Space Age. In this age we will graduate.

We will become contributing members of a society vitally concerned with its position in space exploration. This era will affect our future and that of all who will come after us. Therefore, we must direct our efforts to meet successfully the challenge of the Space Age.

# CONTENTS



Dear Barb,
Best of luck to you in future years at S.H.S. and after you graduate. Stay as nice and as sweet as you are
Love ya
Barb Duck

Barb,
Always stay as sweet and friendly as you are now. Keep up the good work in band. Try not to get sick, cause we really miss your smiling face when you aren't.
Love, ya
Pat

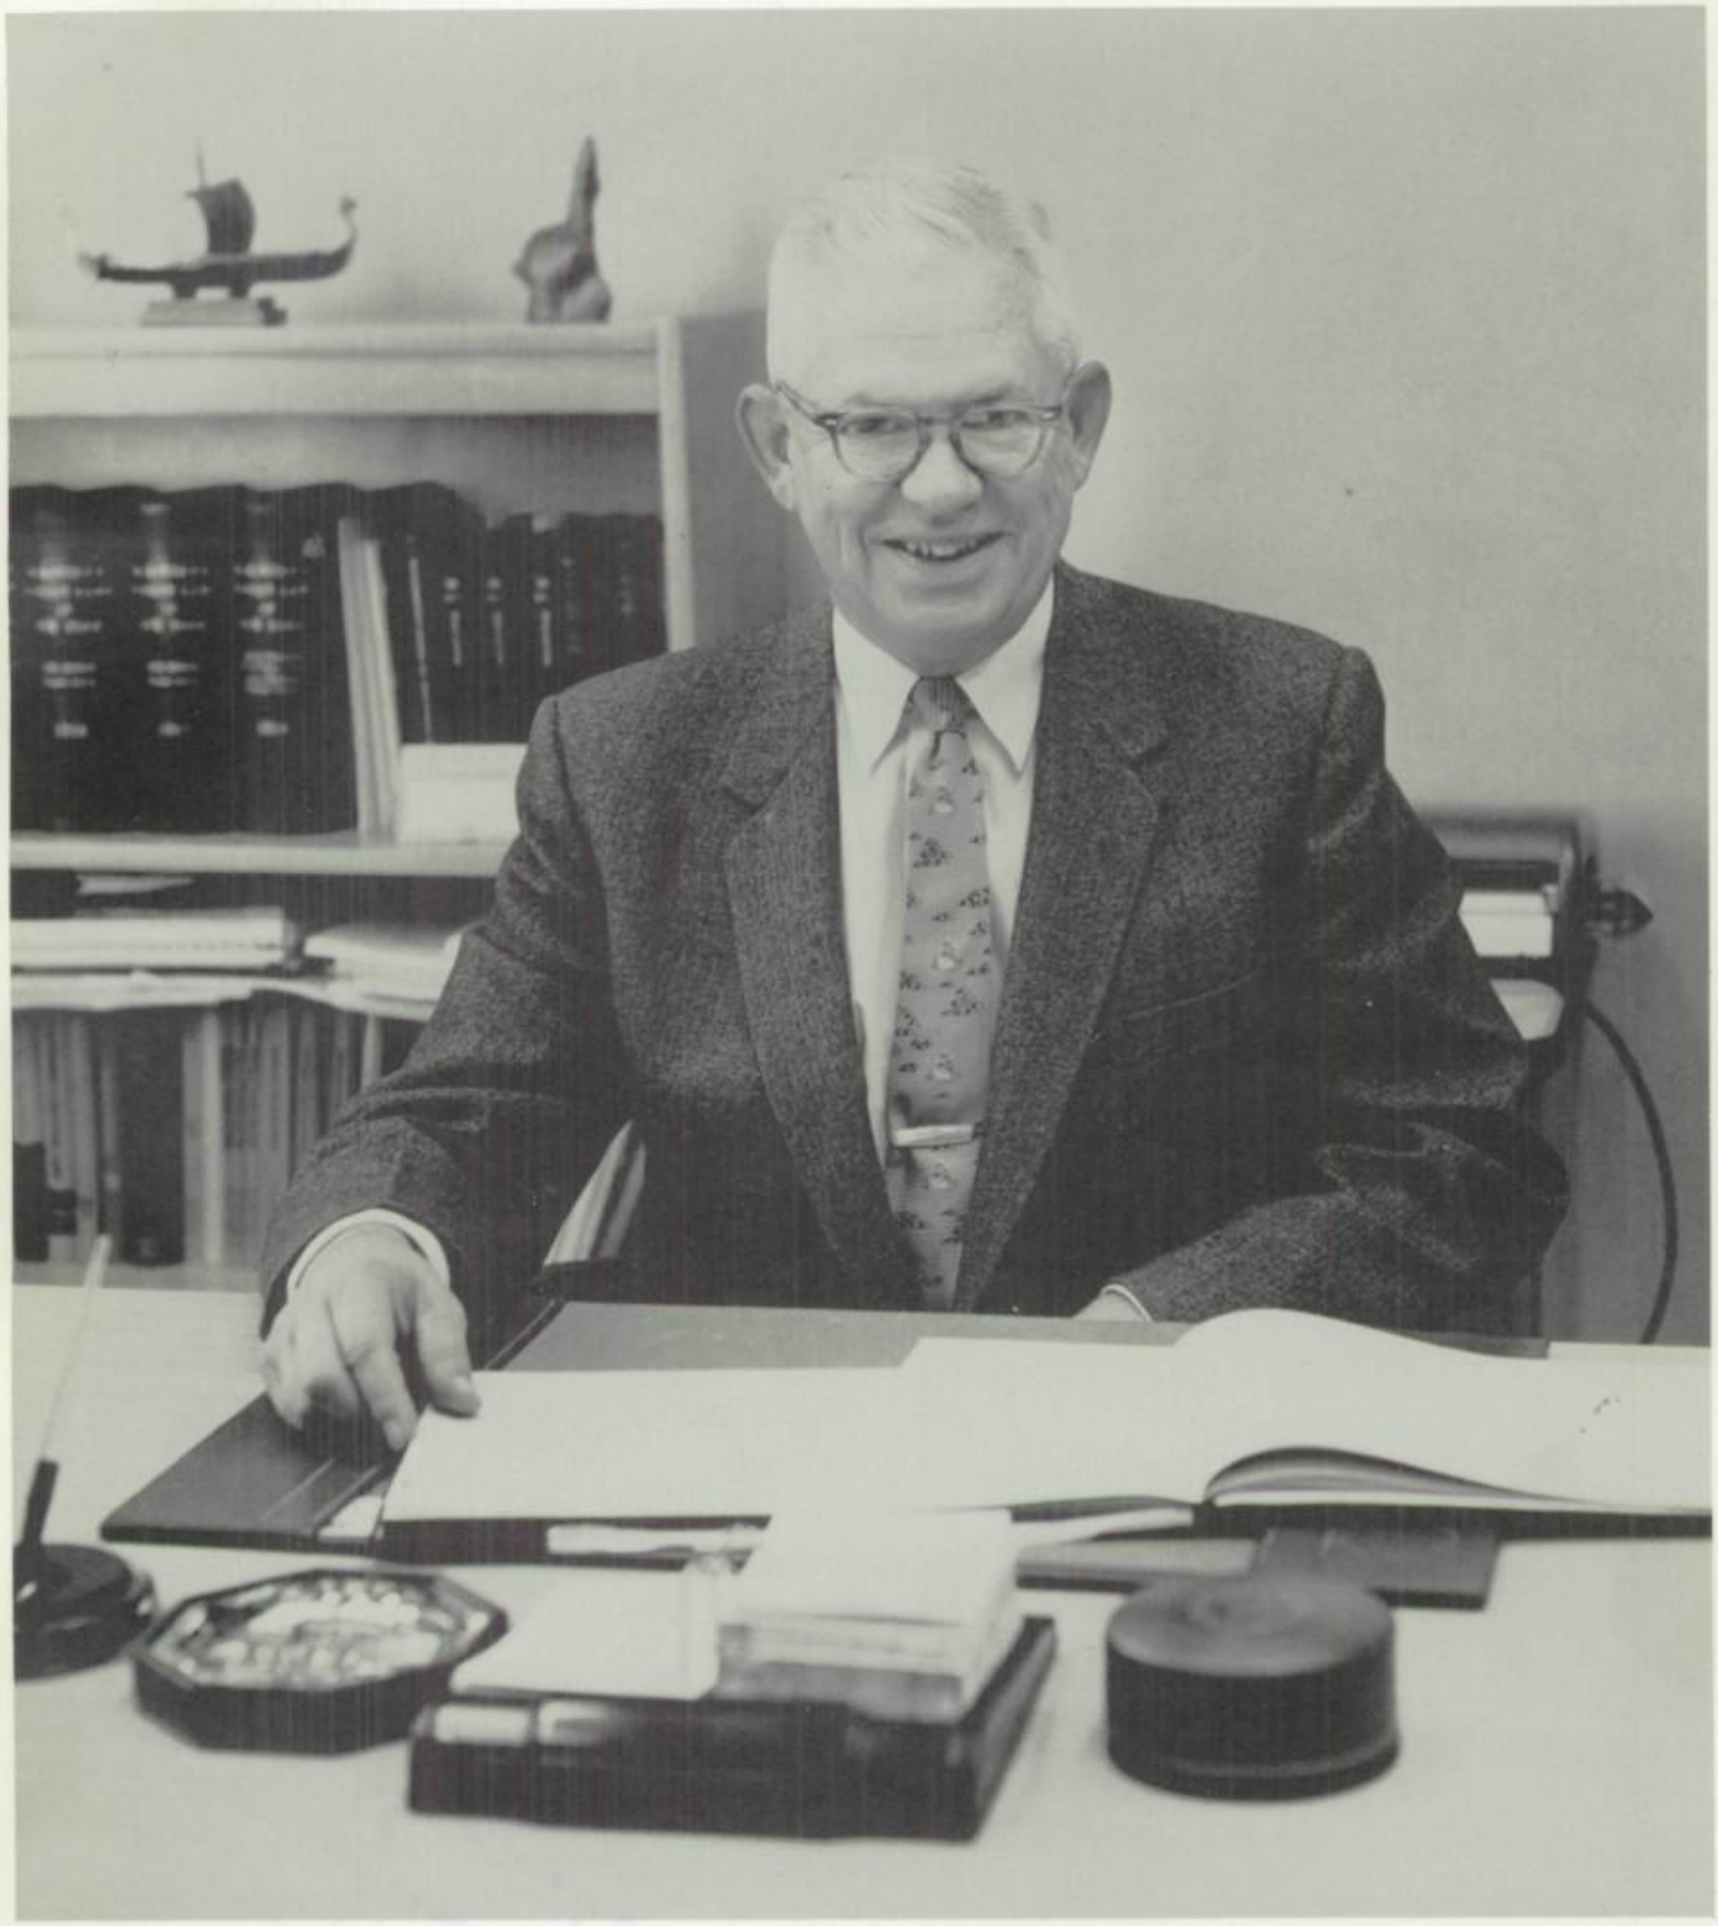
# DEDICATION



It seems fitting that we, the graduating Class of 1962, should dedicate our yearbook to Mr. Howard E. Baker, a man who dedicated his life to the teaching profession. His willingness to give up valuable time to individual student problems has made us all proud of him. His door was always open and the advice we obtained from him will be remembered when our high school graduation is only a memory.

Best of luck
Love R.B.

Buck!
Best of luck to
ya Neal Abel!! Be
sure and take care of
that and take Good Care of
your mother! Bye Bye for now
have fun. Free & Easy

# BOARD OF EDUCATION

Left to right: Mr. Kenneth Dolan, Mr. Warren McDonald, Mr. Phillip Spinelli—President, Mrs. Myrtle Horan, Mr. David Briggs, Mr. Joseph V. Carosella—Superintendent.

# SUPERINTENDENT'S MESSAGE

May I extend my heartiest congratulations to the Class of 1962. You have worked hard to reach this wonderful milestone in your lives and we are happy that we have had some part in your achievement. Your work now is cut out for you. Some of you will seek immediate employment. Many of you will continue your formal education. Others, I am sure, will marry and settle down to a happy domestic life. Whichever choice is yours, be conscientious and sincere in your efforts. Do your utmost to reflect pride in yourselves, in Draper, and in your community.

We hope sincerely that years from now you will reflect on your brief stay at Draper with a deep sense of satisfaction and a warm glow of affection.

Joseph V. Carosella

# PRINCIPAL'S MESSAGE

In a world full of change which finds our nation moving rapidly from a steel age to a machine age to an atomic age to a space age, I would urge you to hold fast to those tenets and landmarks which symbolize America. I trust that each of you will continue to grow in stature and in breadth of vision as products of our schools, especially Draper.

In your nostalgic moments, I trust you will be able to relive the happy years spent with the companionship of school friends and teachers at Draper.

Norman L. Rowell

# GUIDANCE

My best wishes go to the Class of 1962 as you graduate from Draper High School. May you be blest with the best of everything—good health, good friends, success and most of all the desire to do something constructive and worthwhile.

As the theme of your yearbook indicates this is the space age. So hitch your wagon to a star! Get all the education and training you can so that when opportunity comes you will be prepared to take advantage of it. The State University has a wonderful slogan: "Let Each Become All He Is Capable of Being." Draper has given you a good basic background on which to build. Now go forward with faith that your special talents can make a real contribution to the knowledge and happiness of your fellowman.

Mrs. Esther Richards
*Director of Guidance*

In humility and soberness we acknowledge to all that you the Class of 1962 have fulfilled the academic requirements of Draper High and that you are now venturing into another phase of a very interesting life.

What you say or do, the manner of life you live will either directly or indirectly have a bearing on your past acquaintances here at Draper.

We hope that the very seat of learning, heart not head, shall be such that your future endeavors will give credit to your school your parents, and to God.

First and Ten

Draper's 1961 football team ended the season with a 3-4-1 record. Considering the strength of the opposing teams in the Western Conference, we are proud of our record.

Every boy on the squad played his best in each game and this has been a major factor in making our team a good one.

Our boys, capably directed by Coach Erickson, deserve congratulations for their spirit, enthusiasm, and sportsmanship which were displayed splendidly in every contest.

The team, although not too successful, did have one bright spot in Bob Verrigni who came in fifth place at the Class "C" Sectionals. As a result he was invited to run in the intersectional meet at Peekskill.

Although inexperienced, the Vikings showed improvement as the season progressed. Under the capable coaching of Nelson LaRoe, the team placed well in the Western Conference. Next season should be a fine one for all players except one are expected to return. Special mention should be given to Dick Ellis for the 43 points he scored in the Cobleskill game. The highlight of the season was Draper's 81-56 upset victory against heavily favored Scotia, our arch rival.

Best of luck to a real great kid who I don't really know too well. Maybe we'll become better acquainted next year.

Planning Strategy

A Win For Ron

In the 1961-62 wrestling season, Draper High's wrestling team completed a 4-1 Western Conference record and a 7-4 overall record. Our only losses were to undefeated Burnt Hills twice and to Class A Mont Pleasant and Linton High Schools. Later in the season we defeated Burnt Hills 68-64 and obtained the Western Conference Tournament title. This year Draper was the defending champion at the Western Conference Tournament and the squad has the distinction of being the only one to win the championship twice.

Although hampered by a small spectator turnout, a lack of experienced wrestlers, and midyear graduation, Coach Austin Leahy guided our team to this fine record. Coach Leahy deserves a great deal of credit for his accomplishments with our wrestling teams including last year's undefeated team. With him as our coach, Draper will continue to have outstanding wrestling teams in the future.

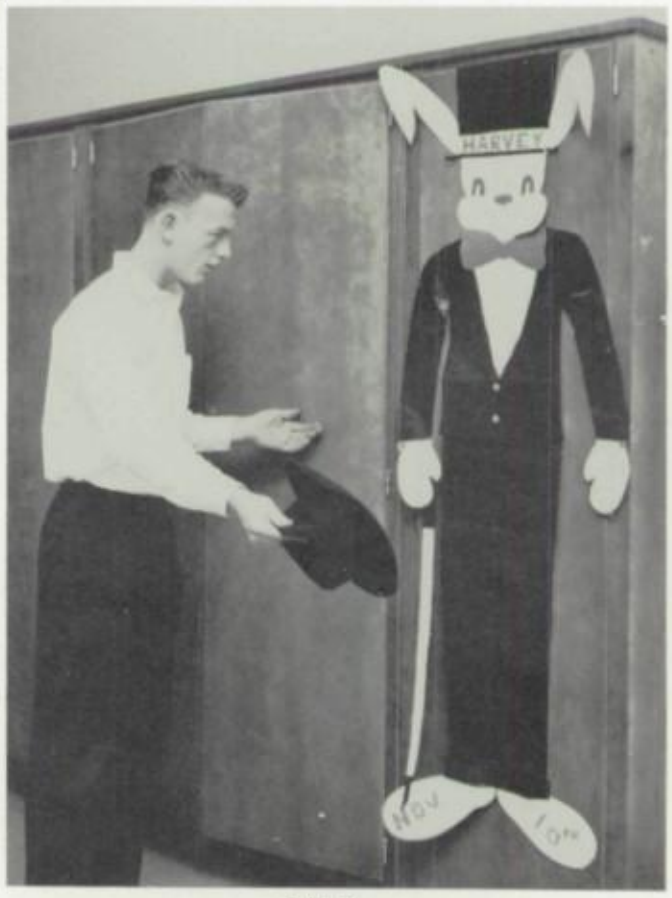
## THE COURT

Marilyn Micski, Anna Maria DeMidio, Lorraine Melideo, Rozanne Parillo—Queen, Donna Dagostino, Suzanne Posluszny, Janis Robinson.

The night of our Junior Prom, May 12, 1961, will always remain in our fondest memories. The gym took on an atmosphere of grandeur, decorated in various shades of blue and filled with the music of the Continentals. The evening was highlighted by the appearance of our radiant Queen, Rozanne Parillo, and her six lovely princesses. This outstanding event of our junior year was a significant step in our "Stairway to the Stars."

# "HARVEY"

MISS PATRICIA THOMPSON
*Director*



After many weeks of intensive practice, *Harvey* was presented by the Senior Class on November 10, 1961.

The three act comedy by Mary Chase was about Elwood P. Dowd and his friend, Harvey, an invisible six-foot white rabbit. Elwood's sister and niece's various attempts to have him confined to a sanitarium resulted in failure and laughs.

Under the capable and inspiring direction of Miss Patricia Thompson, our play was a great success.

As members of the 1962 Draperian Board, we have done much work and devoted much time to this yearbook.

We have tried to co-ordinate and put together a book which will represent the memories of our high school years, and our dreams of success through a "future's eye view."

We sincerely hope you will receive as much enjoyment from reading it, as we did in assembling it.

# FOREIGN . . . . . .

As the doors of Draper opened September 6, 1961, we saw a new face in our midst and upon further investigation found that she was our foreign exchange student for the year, Yoko Osawa. She was sent to us by the American Field Service from Inuyama City, Japan. As soon as she arrived, Yoko adjusted quickly to our ways and became much loved by all. We sincerely hope she has enjoyed being here as much as we have enjoyed having her.

# EXCHANGE

This is the sixth year of the foreign exchange program at Draper. Each year, one junior has the chance to live in a country overseas from two to ten months and a student from a foreign country lives in the United States for a year.

In June of 1961 Tony Vianna was notified that he had been chosen to represent the United States and Draper in Belgium. He left that month and returned in August. During his stay in Belgium he lived with three families in the different cities of Brussels, Antwerp, and Waterloo. Through his trip, Tony has helped our country to take a big step toward peace and understanding throughout the world.

# OUR DEANS

MRS. FLORENCE WASSERMAN

The members of the Class of 1962 are appreciative for the time you have devoted to us and our projects. Our Sophomore dance, sweatshirt sale, Junior Prom, and Senior banquet and ball were show pieces of your effort and assistance. We are especially thankful for your diligence and guidance which have been responsible for making this, our Draperian, a success.

MR. ERNEST LEAL

The Senior Class is truly grateful for the strong guidance that you have given us in regard to our magazine sale, Junior Prom, and our senior activities. Although you have not been with us this past year, you have taken the time to help us with our yearbook. We are thankful for your sometimes humorous, and always imaginative suggestions. You will remain as an inspiration to us all. Thank you, Mr. Leal.

MRS. MARION BETLEJESKI

The Senior Class wishes to express our sincere appreciation for all that you have done for us. Your guiding efforts and financial planning with our magazine sale, Junior Prom, Draperian, senior play, banquet, and ball have made these happy memories. Mrs. Betlejeski, we thank you from the bottom of our hearts.

# OUR RETURN TRIP

The year is 1972 as our spacecraft lands at the Schenectady County spaceport. We found the trip to be very enjoyable through the efforts of our pilots, CHUCK LE GERE and DAVE LYNCH, and space hostess, DALE BALLENTINE. We received permission to land from BILL DE LUCIA and JOHN SUTTON in the control tower. We had a smooth landing due to the skill of the ground crew consisting of JOE ANGERAMI, DAVE AUMILLER, GENE VILLANO and PAUL MESSERLE. As we left the spacecraft, we boarded a helicopter piloted by TOM NASTARS, who proceeded to give us a tour of the city.

Our first stop was the Vianna General Hospital, headed by Dr. ANTONIO VIANNA. His staff includes chief medical technician JUDY ROGERS, dietitian FREDENE KASTNER, and nurses, LINDA ADAMS and ARLENE CONTE. We were greeted by the receptionist DIANE DOULIN and medical secretaries PAT DE MARCO and PAT MOROCCO. We were taken to the experimental labs by ANGELA CORRADI where DENNIS DURRANT finally succeeded in developing a six-foot rabbit.

Our next stop was the RAKOWSKI and VERRIGNI Research Labs. There we toured the plant and saw secretaries SUE BARKLEY, DONNA DAGOSTINO, JO-ANN TOMMASONE, SANDY MOORE, GRACE GRAHAM, ELAINE HANKE, PAT URBANCZYK, and ROZANNE PARILLO busily typing. As we continued our tour of the plant, we visited the advertising design department headed by CAROLINE ANDRYSZCZYK with ED LEONARD, LANNY LIVINGSTON, BILL BEADNELL, and LINDA FERRANTE as her assistants. In the sales department we came upon TOM BAUM, BILL NITSCHE, BERNIE NARDINI, ALAN CRAIG, and FRANK HUGHES. We also met RICHARD BLANCHARD, RON SMITH, JEFF NALEWJKA, DON PETTENGILL, BOB MIDDLETON, GARY PAIGE, BOB BUEHLER, JANIS ROBINSON and HARRY CURTIS who are now prominent engineers. Other employees included BERNA QUACKENBUSH, HAROLD PIERONE, LOUIE NICOLELLA, GAIL SITZER, KATHY LE BOEUF, ELSIE LAWRENCE, LINDE TALERICO, PAM SECOR, BARB VON WEDEL, NANCY WELDON, PHYLLIS ZMYEWSKI, PETE FRIGULETTO and JOHN D'AMICO. We left the plant near closing time and met DOREEN CASSIDY, MARSHALL CRUM, and CAMILLE DI FABBIO coming into work.

Before boarding the helicopter we saw WARREN OLIVER, GARY HOWE, DONALD WICKS, and NORMAN ALFIERI who were home on leave from the Navy.

From the helicopter we looked down on the Plaza and saw that RIT SACCOCIO was starring in a comedy and that LOU RIANO and MARILYN MICSKI were in a motion picture based on SHARON CONROY'S best selling novel, *Good Times at Draper*.

The next thing we did was visit the homes of CAROL NIEMIEC, CAROLE ZADROZNY, and ELLEN DOBLER where we learned that SUZANNE POSLUSZNY, LORRY MELIDEO, and SHIRLEY PERILLO were successful beauticians and that SUE RIANO and BARB IOVINELLI managed dress shops.

Our last stop was our Alma Mater where WALT CALLAHAN, SANDY RYAN, CHRIS MASSAL, EILEEN KEXEL, CAROL CASTORINA, ANNA MARIA DE MIDIO, PAT ROWBOTHAM, and SHERRY WILLIAMS were dispensing knowledge. As we walked through the halls we recalled many of the happy memories which we shared with YOKO OSAWA. We also saw RIT SIMEK delivering groceries to the school from SINDONI'S Market.

DAN MANEY took a group picture of us and RON JANCEK said a prayer for our safe return before we left on our spacecraft.

# The End...

# And The Beginning

Graduation . . . and the end of twelve years of grade and high school . . . the beginning of a new era for you.

Many of you will be going on to college, to technical schools . . . while others will be going directly to jobs. Whichever your course may be, remember that your education doesn't stop when you finish school. You can keep on learning . . . by reading, by being constantly curious on your job, about everything you do, and finding answers to your questions. You can't stand still . . . for space-age America holds little for those who refuse to make progress.

The scientists of the future need trained workers to back them up . . . technicians who can build from their plans. In business, in communications . . . in arts and the professions . . . there's a future for those who keep learning . . . those who acquire more skills and more knowledge.

At General Electric, the future will demand trained personnel everywhere . . . to design the machines, to build them, and to operate them . . . to handle the vast amount of work to be done in new ways, with new products. General Electric is not alone in this . . . for every firm finds itself in need of men and women with ability and training, in every degree.

In the years ahead, miss no opportunity to add to your store of knowledge. Keep searching for facts, for theories . . . for the basic information you will need to help you grow in your chosen field. If you do learn, you'll fit into the pattern of the future . . . ready to accept the opportunities it holds for success.
